

Society's Problems
Can Best Be Solved Through

Community Effort

New Beginnings Children's Home (NBCH) is San Antonio's newest General Residential Operation. Opened in 2010, our facility consists of two eight-bedroom dorms. Our mission is to provide a safe and therapeutic living environment for abused, neglected, and displaced children ages 5 to 17. The care we provide will promote emotional growth and recovery and prepare the children for family reunification.

“New Beginnings is working hard to protect children and empower them...”

JUDGE PETER SAKAI 225TH DISTRICT COURT

Making an Immediate Impact on a Child's Life

Our Mission is to provide a safe and therapeutic living environment for abused, neglected, and displaced children ages 5 to 17 by competent staff vested in services that promote emotional growth and recovery and prepare for family reunification. To support our mission, we are guided by a strong commitment to model and reinforce growth, a sense of community, and a stronger sense of self.

Our Work Our Community:

The best way to **change the lives of children** is to **change the world in which they live**. The best way to change their world is to foster self-sufficiency and equip them to impact their communities.

Our work is producing facts that speak for themselves:

- 1-2 grade level promotions
- Unhealthy nutrition turning into superb nutritional results
- Strong living structure producing high self esteem
- Obtaining first time employment opportunities
- Weekly behavioral issues becoming minimal issue
- Reading and mathematical level increases
- Lax thinkers turning into initiative habitual thinkers

New Beginnings Children's Home was created in response to San Antonio's rising child abuse problem. Last year, the Texas Department of Family and Protective Services reported nearly 6,000 confirmed cases of child abuse and neglect in our community with a number of those cases resulting in death. Collectively, we can diminish the impact of this statistic by creating an atmosphere of love, hope and restoration so that each neglected child can face the unexpected with a new perspective and reverse a life of despair.

Our advanced phase system provides structure and consistency and allows children to feel rewarded by earning privileges.

New Beginnings Children's Home offers a therapeutic and confidential place for healing in it's serene environment.

New Beginnings Children's Home is a non-profit agency providing valuable support and guidance through quality services to youth in Texas.
